

ADULTS & KIDS

Learn Together

Adults and Kids Learn Together has been one of our most popular programs for five years running. It has also become an instructor favorite!

A big part of the P. B.G.A. Mission Statement includes our commitment to provide “best-in-class” instruction at competitive prices. We feel that in doing so, that over time, we will be helping to increase the growth of the game.

Another huge part of our Mission Statement is working hard to support family togetherness; Those are some of the reasons why this program offers discounted fees for larger groups!

Moms, dads, brothers and sisters, grandparents and grandkids can all get together to share a relaxing and fun-filled Saturday afternoon... learning how to play golf! The larger the size of your family group, the lower the cost per student!

Our instructors are often surprised to hear from parents, or grandparents, that they have become part of the many “memories and familial bonding experiences” this program offers. One never knows when something special might happen when Adults and Kids campers get together!
